

ADHITYA RAJ R

RESUME

ABOUT

Hi, I am a sophomore student currently pursuing a bachelor of technology in Information Technology. I am looking for an internship opportunity to gain experience in the field of software development. My area of interest is User Interface design and development in Web Applications.

PROJECTS

CARSBNB (HACKATHON PROTOTYPE)

2021 - Angular + NodeJS + Bootstrap

It is a web portal to facilitate peer to peer car rental services. We were placed first in ACM Techfestia'21 for the prototype

SHOP MANAGEMENT

2021 - C++

A group project for our coursework simulating a CLI Application to monitor shop inventory and manage bill generation.

EDUCATION

COLLEGE OF ENGINEERING, GUINDY (ANNA UNIVERSITY DEPARTMENT)

2019 - Present

I am pursuing my undergraduate under the Department of Information Science and Technology, currently holding a CGPA of 9.0. I actively participate in clubs in college. I volunteered in NSS for a year.

D.A.V. SENIOR SECONDARY SCHOOL, CHENNAI

2005 - 2019

I secured 94.6% in class 12. I actively participated in many co-curricular activities and in clubs like the Eco-Club, RSP.
